Look for the icon in the app when connecting

Important info

Warranty

The warranty is valid for 12 months from the date of purchase. It includes free repair for any defects in materials or assembly. If you encounter a major fault or defective system, you need to stop using the system. Get in touch with us immediately to ensure that you will be eligible for a warranty claim.

Please, get in touch on our Whatsapp, Facebook page or send an email to support@caliburfencing.com for support.

Disclaimer

Calibur products were designed for fencing under normal circumstances. If fencers use the system under non-standard or unsafe fencing conditions (not wearing a glove or proper mask, etc.) we cannot guarantee the reliability of the system. We also cannot take responsibility for damage that results from improper use of the system, or use of the system in a way outside of its intended purpose.

Disposal of Product

In case your Calibur pocket boxes need to be disposed of, please note that waste electronics have to be recycled separately from unsorted municipal waste.

Waste electrical and electronic equipment must not be disposed of as unsorted municipal waste and in particular does not belong in the household waste. Rather, these devices should be collected separately and disposed of via the local collection and return systems.

By separating and recycling your system at the time of disposal you will help to conserve natural resources and ensure that the system is recycled in a manner that protects human health and the environment.

Battery hazard notice

- Batteries may leak or explode if misused
- Do not try to open the pocket box and the inner battery.
- Do not short-circuit the connectors
- Do not dispose of batteries in a fire, they may leak or explode.

Compliance

EMF

This product complies with all applicable standards and regulations regarding exposure to electromagnetic fields.

CE

The Calibur pocket box meets the minimum requirements for safety and electromagnetic compatibility of electronic devices, and conforms with the relevant European Union directives and recommendations

FCC

This Calibur pocket boxes have been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna. Increase the separation between equipment and receiver

-Consult the dealer or an experienced radio/TV technician for help.

Pacemaker Notice: This product contains strong magnets and utilises wireless technology. Consult with a medical professional before using.

Keep out of reach of children.
